### **Pillar 1: Prayer**

#### **Just a Thought:**

Jesus is our example of a New Testament man of prayer. Everything Jesus did was preceded by prayer including major decisions like who to choose as a team member. If Jesus needed to pray, how much more do we need prayer.

#### **Scripture:**

Once Jesus was in a certain place praying. As he finished, one of his disciples came to him and said, "Lord, teach us to pray, just as John taught his disciples." Luke 11:1

#### **Discussion Questions:**

1. Can you think of an example in scripture where Jesus prayed for something?
2. What was the result of Jesus' prayer?
3. Was there ever a time in Jesus' life where He did something without praying first?
4. Following Jesus' example, how can we make prayer a central focus in our lives?
5. Talk about a time where you prayed for something for yourself (like direction) and received an answer. How did you receive it?
6. Talk about a time where you prayed for someone else and God answered your prayer. How did the answer come?

#### **Legacy Lifter:**

Jesus never did anything without praying. When He entered situations that required Him to be spiritually prepared by prayer and fasting, He didn't have to wait for to wait to pray and fast because he was already prepared. How much more effective would we be in our daily lives if we followed Jesus' example.
