Pillar 5: Priorities

Just a Thought:

Many men struggle through life because they fail to properly plan. Prioritization and planning will help place us in the proper position for success.

Scripture:

“Trust in the Lord with all your heart; do not depend on your own understanding. Seek his will in all you do, and he will show you which path to take.” Proverbs 3:5-6

Discussion Questions:

1. Proverbs 3 reminds us to trust in the Lord in all our ways. Does God just provide general directions?
2. When determining priorities how can you separate important tasks from urgent tasks?
3. Prioritization involves determining specific steps needed to complete a task. How do we bring God into this process?
4. You’ve prayed about a certain process and believe that you’ve heard from God. How can you be sure that God is leading you and not your flesh?
5. Habakkuk 2:2 tells us to “write the vision.” How important is writing to the prioritization process?

Legacy Lifter:

God directs our path when we submit our lives to Him. God will give us the steps, but we must be in position to hear Him. It’s then our responsibility to record the steps and walk them out. Each man must get with God, receive a properly prioritized plan, and then walk it out.
